

17.10.2018

Dear All

From now on St. Francis Institute of Technology will have a single Annual Magazine for the College. A magazine that shall cover technical, creative and literary achievements for the entire year.

We plan to release this magazine on the Annual Day 2019, as St. Francis Institute of Technology celebrates 20 wonderful years of its establishment and valuable contribution to field of Engineering and beyond.

We need your valuable contributions to make the magazine a success. All Staff and Students are requested to come up with ideas for 'Magazine name' and the 'Design for the Cover page'. These can be forwarded through the google doc link, 'SFIT Magazine 2018', available on the college website and the ERP.

**Last date: 01 November, 2018**

**Give us the best of your ideas and creativity for there are some amazing prizes to be won!**

For Technical articles you can have write up about latest innovations/ happenings, Paraphrase of IEEE papers, Real time use of technology by commoners for betterment of society, to name a few.

For Non- Technical, let the creative juices flow in the form of poems, essays, inspiring write ups, jokes, etc.

Creative drawings, sketches, cartoons, comic strips, etc. on the theme of **Technology used for betterment of Society** are also welcome.

All articles and rest of creative content can be sent to: [SFIT\\_Magazine@sfitengg.org](mailto:SFIT_Magazine@sfitengg.org)

**Last date: 15 November, 2018**
